Industrialization plays a vital role in the economic development of underdeveloped countries. As the historical record shows, the developed countries of the world broke the vicious cycle of poverty by industrializing, rather than focusing on agricultural or the production of national resources. Currently, Pakistan, as a developing country, wants to achieve a higher standard of living for its people. Access the latest politics analysis and economic growth summary through 2011 for Netherlands from The Economist Intelligence Unit.

The coronavirus outbreak will cause a dramatic stoppage of economic activity in the first half of the year, despite some government stimulus. We expect a contraction of 6% in 2020. Featured analysis.

Politics | October 30th 2020. Coronavirus second wave hits Europe in force. Countries across the continent implement new restrictions as cases and hospitalisations rise. More.

Economy | September 28th 2020. Public consumption: the curious case of the missing stimulus. Rises in public spending are largely absent from many countries' national accounts. Measurement issues may be to blame. Economic Indicators for Netherlands including actual values, historical data charts, an economic calendar, time-series statistics, business news, long term forecasts and short-term predictions for Netherlands economy.
