Outsourcing to Vietnamese market in paper industry

Pulli, Cuc (2018)

Tiivistelmä
Outsourcing is not a new term in the business environment. Outsourcing one or some functions of the company will support to reduce cost, enhance competitive advantages and in some cases, will help to enter new consumption markets. There are two important factors that outsourcing can support the successful of businesses: one C “cost” and one P “place”. Placing new plants or factories in the cheaper places will help to be optimal of using raw materials, deploying cheaper labor cost and delivering to customers faster and more convenient.
