This includes considerations on high paying art jobs, as well as what you are passionate about, from graphic design to landscape architecture and studio art. The choice of art major leaves you a wide variety of career choices. How can you select the best art major to set you up for success in the career of your choice? Photo: Tim Gouw. Consider earning potential. This factor is one that unfortunately often overshadows the rest. You’ll find tons of articles talking about the majors that earn the most money, but don’t get discouraged if you don’t see your chosen art major at the top of the list. Careers in Art Job Paths & Potential Pay in the Pursuit of Art. It was Albert Einstein who said imagination is more important than knowledge. Fortunately for aspiring artists, imagination plays a big role in learning on the path to an art career. With the rise in computer-generated graphics, artists who can create animation and visual effects are in high demand. The following will help prospective art students learn about the various concentrations in art and the specific career paths to which they may lead. Here are the jobs you can get as an art major – artist, art professor, graphic designer, curator, art director, art therapist, art teacher, and more. Here is a list of 12 jobs for art majors: Most Common Jobs for Art Majors. 1. Artist. Count this one under obvious. In general, artists enjoy a great deal of creative autonomy, and may work with a variety of mediums. Financial stability can be hard to come by, however, and plenty of artists are forced to find additional employment or sources of income. There is no educational requirement to be a fine artist, but attending art school can be a great way for artists to develop their skills and build valuable connections before entering the art world. It can also provide a path to other careers down the road. Median annual wage: $49,520.
