The Oxford Companion to American Law

Roger Bernhardt, Golden Gate University School of Law

Description

Author of section: Real Property.

A landmark in legal publishing, The Oxford Companion to the Supreme Court is a now classic text many of whose entries are regularly cited by scholars as the definitive statement on any particular subject. In the tradition of that work, editor in chief Kermit L. Hall offers up The Oxford Companion to American Law, a one-volume, A-Z encyclopedia that covers topics ranging from aging and the law, wiretapping and electronic eavesdropping, the Salem Witch Trials and Plessy vs. Ferguson.

The Companion takes as its starting point the insight that law is embedded in society, and that to understand American law one must necessarily ask questions about the relationship between it and the social order, now and in the past. The volume assumes that American law, in all its richness and complexity, cannot be understood in isolation, as simply the business of the Supreme Court, or as a list of common law doctrines. Hence, the volume takes seriously issues involving laws role in structuring decisions about governance, the significance of state and local law and legal institutions, and the place of American law in a comparative international perspective. Nearly 500 entries are included, written by over 300 expert contributors.

Intended for the working lawyer or judge, the high school student working on a term paper, or the general adult reader interested in the topic, the Companion is the authoritative reference work on the subject of American law.

While modern international humanitarian law (IHL) seems to have developed very rapidly within the past century to meet the new challenges of war, fiqh al-jihād seems to instead experience lethargy. It seems to be very difficult to find comprehensive and accurate rulings of fiqh regarding various aspects of modern warfare, especially in the means and methods. This research employs a doctrinal legal research to fill in the gap of scholarship specifically in the rulings related to the means and methods of warfare. It first explores the extent to which fiqh can develop, and whether it could be afforded Oxford Companions is a book series published by Oxford University Press, providing general knowledge within a specific area. The first book published in the series was The Oxford Companion to English Literature (1932), compiled by the retired diplomat Sir Paul Harvey. The series has included (in alphabetical order): Booknotes interview with Joel Krieger on The Oxford Companion to Politics of the World, July 4, 1993. There is also an Oxford Companion to American Law. This legal encyclopaedia is a concise overview of a subject in law - not confined to English law, since there are many entries devoted to European Union law. Original Oxford Companion to Law Review Review of A F Rodger, “Good companion?” [...] Oxford J Legal Studies (1981) 1 (2): 257-2647: “The Oxford Companion to Law is an extraordinary production. Including appendices, it runs to 1365 pages, all written by one man. (…) The amount of reading required must have been vast and one can well imagine that the staff of Glasgow University Library worked hard to earn the author’s thoughtful dedication of the work to that Library. Oxford University Press, (c)2002. Physical Description: xxvi, 912 p.; 26 cm.
