This book assesses Plato's penal code within the tradition of Greek penology. Saunders provides a detailed exposition of the emergence of the concept of publicly controlled, rationally calculated, and socially directed punishment in the period between Homer and Plato. He outlines the serious debate that ensued in the fifth century over the opposition by philosophers to popular judicial assumptions, and shows how the philosophical arguments gradually gained ground. He demonstrates that Plato advanced the most radical of the philosophical formulations of the concept of punishment in his Law Punishment Greece History Criminal law (Greek law) Punishment$2fast$0(OCoLC)fst01084107 Criminal law (Greek law)$2fast$0(OCoLC)fst00883382 Criminal law$2fast$0(OCoLC)fst00883328. This is a fascinating and important study of ideas of justice and punishment held by the ancient Greeks. The author traces the development of these ideas from Homer to Plato, analysing in particular the completely radical new system of punishment put forward by Plato in his dialogue the Laws. From traditional Greek ideas of cursing and pollution through to Plato's views on homicide and poisoning by doctors, this enlivening book has a wealth of insights to interest both ancient historians and classicists, and all those interested in the history of philosophy and ethics.
